

KOENIG CARE

Hopefully, your equipment performs and responds well to your demands. With so much depending on your equipment; *why not insure its optimal performance?*

At Koenig Equipment we care about your equipment. What better time to service your equipment than when you are not using it.

Our **KOENIG CARE** inspection and reconditioning program is designed to eliminate unexpected failures, maximize operation capacity, increase efficiency and extend machine life.

We remain committed to developing programs which will provide you greater reliability, lower operating and repair costs, timelier field operations and higher trade-in values.
