WHY CHOOSE KOENIGCARE PLANNED MAINTENANCE?

Protection Regular maintenance **increases the useful life** of your equipment.

Convenience Koenig maintenance services can be **performed at your home** or in our shop. **We'll remind you** when your mower is due for maintenance and work with you to schedule a **convenient time** to complete each service. Hazardous waste materials are disposed of properly by the technician.

Performance Designed to optimize the performance of your machine and **minimize downtime**, KoenigCare maintenance includes a thorough inspection to alert you any other items that require attention.

Cost Effectiveness Potential problems are discovered in their early stages, **before they become costly repairs**. The price of the preventative maintenance service, including parts, labor, equipment, supplies, lubricants, etc., is established at the signing of the agreement, **protecting you against inflation** and price increases.

Quality Workmanship **Factory certified** technicians perform the maintenance services using **quality parts** at the recommended annual interval.

Peace of Mind Detailed maintenance records are kept on your machine, **increasing its value**. Participants in the master plan receive **an additional year of warranty** at no additional charge.*

**Requires participation in the master plan for the duration of the manufacturer's warranty.*

BASIC (Protection)

A factory certified technician will **travel to your home** to change the engine oil & filter and lubricate the unit. In addition, we check its operation, basic safety features and settings, including deck level. The basic service is performed within the first few hours of operation.
