

INTRODUCING THE NEW STANDER

STRIVING TO MAKE A GREAT PRODUCT GREATER.

STANDER®

Our revolutionary new Stander combines control, speed and traction to tackle ever-changing terrain, including steep hills. With the suspension platform added for a smoother ride coupled with cut speeds up to 9.5 mph, this mower can take on landscaping challenges that no Mid-Mount Z can match.

- Rugged and durable with deck sizes of 48", 52", and 61"
- Short overall length for greater maneuverability than any Mid-Mount Z
- Low center of gravity and large wheels for hillside stability
- Hydro-Gear 15 cu in wheel motors and 12 cc pumps with cast iron heads and cooling fans
- New spindle with ball bearings and a 1" through bolt shaft
- Full length thigh to knee pad
- Cutter deck 7/8" caster support reinforced arms
- No seat, seat belts or arm rests mean you can easily bail out or step off to pick up debris
